August 8, 2014

To Our Shareholders:

2013 was a year of strategic focus for CONMED Corporation as we navigated a challenging global operating environment. We achieved a number of key accomplishments in 2013 that reflect our team's hard work and position the Company for future success. While our top-line growth was short of what we had anticipated at the start of 2013, we adjusted expense levels to deliver earnings within our forecasted range. This is a tribute to the Company's talented team, which produced results despite a soft worldwide economy. During the year, we launched new products, continued to support R&D activities, and restructured manufacturing.

In 2014 there has been a number of important changes and developments at CONMED that added to the changes we started to make in 2013 with the addition of Brian Concannon and Dirk Kuyper to the Board. Effective as of March 1, 2014, we added Jerome Lande and Curt Hartman to the Board. At this time, Bruce Daniels and Stuart Schwartz announced they would be retiring from the Board. We wish to thank them for their significant contributions over the years. Then, in July, the Board appointed Curt Hartman, an independent director of the Company, as Interim Chief Executive Officer following the decision by Joe Corasanti to step down as President and Chief Executive Officer and a member of the Board of Directors. In addition, Gene Corasanti, the founder of CONMED, decided to retire from the Board and as an employee after 44 years of service to the Company.

Joe's leadership was instrumental in growing CONMED into a leading global supplier of medical technology devices. Under his tenure, the Company expanded revenues, earnings, cash flow and its return to shareholders through internal growth and the completion of more than twenty acquisitions. We are also grateful to Gene Corasanti, a true entrepreneur who founded the Company in 1970 with one product idea and strategic vision that became the foundation for the worldwide organization that CONMED is today. We thank Joe and Gene for their many years of service and wish them all the best.

The CONMED Board has formed an executive search committee comprised of five independent directors that will immediately begin a process to identify a permanent CEO. We intend to retain an executive search firm to assist in the process.

Curt Hartman already has deep knowledge of CONMED's business and operations from more than 22 years of experience in the medical device industry through his various executive roles at Stryker Corporation. The Board is confident that Curt's leadership will help continue to position the company for future growth, profitability and improved execution.

In addition to these changes, the Board also appointed a new director, Charles Farkas. Charles is a Senior Partner at Bain & Company and the former North American Head of Bain's Healthcare Practice. Charles has 35 years of experience advising executives in the health care industry and he will serve as a member of the Audit Committee as well as the Board's executive search committee for a permanent CEO. With the addition of Mr. Farkas, CONMED has appointed five new independent board members since July of 2013.

We believe there are many opportunities ahead for the Company to enhance operational execution, growth and profitability. With several upcoming new product introductions and a strong, global market presence, we believe CONMED is well-positioned for future growth. In addition, the Board of Directors and management team remain committed to driving shareholder value and we will continue to take any actions that enable us to achieve this objective.

As always, thank you for your continued support.

Sincerely,

/s/ Mark Tryniski

Mark Tryniski  
Chairman of the Board
